PRESS RELEASE

1. CALL FOR PRESIDENT JACOB ZUMA TO STEP DOWN

In view of the latest scandal engulfing the ANC president and president of the country, Mr. Jacob Zuma, the PAC calls upon him to step down. His misdemeanors have caused a great deal of embarrassment to the country and in the eyes of the international community. At the recent World Economic Forum meeting in Davos, other leaders were asked about their views on economic matters while our president was asked about personal issues. We now call upon the ANC to recall president Zuma in order save this country from further embarrassment. The PAC will write a letter to ANC asking them to recall president Zuma with immediate effect

President Zuma's scandal flies in the face of his position as former head of the moral regeneration programme. It also contradicts his position and that of the ANC government on HIV/AIDS.

The PAC has noted with concern that Mr. Zuma in his quest to gain some credibility is now using the good name of the former president Nelson Mandela. President Mandela about five years ago informed the nation of his desire to retire peacefully but president Zuma and the ANC wont let go. This is nothing but blatant abuse.

The PAC has directed all its public representatives to pass a motion of no confidence in president Zuma and ANC government.

2. SAVE SOUTHAFRICA CAMPAIGN

The PAC has noted with grave concern that in the past ten years or so, this country has moved from being a miracle country to being an international joke. This trend started with our stance on HIV/AIDS to the current misdemeanors.

We have also witnessed a rapid infrastructural decline. Our towns have become a sorry mess as a result of neglect and decay. This has resulted in capital flight from major towns such as Johannesburg. The running of parastatals has become a big joke instead of creating employment opportunities.

There is moral degeneration as epitomized by president Zuma. Health and Education have become worse under the ANC rule.

We now call upon the people of this country to stand up and be counted instead of being helpless bystanders.

3. COALITION WITH OTHER OPPOSITION PARTIES

In preparation for the 2011 local government elections the PAC will approach other opposition parties in order to forge a coalition. We think that this will strengthen democracy in our country.

4. WORLD CUP

We wish to take this opportunity to wish Bafana Bafana well in their endeavor to win the world cup. As PAC and the country we behind them.
